SSLC-82.2

Sri Sowdambika Convent Matriculation
Higher Secondary School,Aruppukottai
2020

HSC-83.8

Sri Sowdambika Convent Matriculation
Higher Secondary School Aruppukottai
2022

BACHELOR OF ENGINEERING

Velammal Engineering college chennai
2022-2026

PROFILE

Enthusiastic web developer with a passion for designing and building engaging websites. Proficient in front-end technologies, including HTML, CSS, JavaScript, and React. Seeking to apply my problem-solving and design skills in a collaborative environment to develop impactful web solutions.

CERTIFICATION

- Completed an offline certification course in "Problem Solving through Programming in C" through NPTEL, achieving an Elite certification with a score of 60%.
- Completed an offline certification course in "Programming in Java" through NPTEL, achieving an Elite certification with a score of 60%.

PROJECTS

GAMIFICATION OF EDUCATION

- Created a website consisting of 6 simple games that help users of various ages learn concepts and boost creativity, using HTML, CSS for frontend, and JavaScript for game logic.
-  [GitHub Repository](#)

AUTOMATED STREETLIGHT CONTROL AND MONITORING SYSTEM

- Designed a web-based Streetlight Control System using HTML, CSS, and JavaScript to automate streetlight operations. Implemented real-time control to toggle lights on/off based on the time (7 PM to 6 AM), with email alerts for any status changes. Developed an intuitive, visually appealing interface with responsive streetlight status updates for enhanced usability.
-  [GitHub Repository](#)

SECONDHAND BOOK BUYING AND SELLING PORTAL

- Developed a responsive online bookstore using HTML, CSS, and JavaScript, enhancing the browsing and shopping experience. Added dynamic features like search filtering and favorites toggle to improve user engagement. Designed a cohesive, mobile-friendly UI with custom styling for a smooth, accessible user experience.
